

Reliable AI for Humanists

[SEE EXAMPLES](#)[TRY IT OUT](#)[ASK QUESTIONS](#)

In these workshops, participants will learn techniques, habits and workflows to get more useful results from generative AI that compliments expertise and human judgment.

All skill levels welcome. Let's learn together!

This Week: AI as Editorial Assistant

Teach AI to read like you do

Treat AI like a eager but naive student who needs guidance about what to look for and what to suggest

Create rules and style guides

Gain more control over the kind of thinking and suggestions from AI tools

Assign reader roles

Learn techniques for having AI read as different kinds of readers and improving its focus

Wednesday

Sept 23: 12–12:50

History Common Room
